AMENDMENT

Sir:

In response to the Office action of February 7, 2003 (Paper No. 26) and the Office action of February 28, 2003 (Paper No. 27), please amend the above-identified application as follows:

Request for Correction of Typographical Error in the spelling of an inventor's name begins on page 2 of this paper;

Amendments to the Claims are reflected in the listing of claims, which begins on page 3 of this paper; and

R marks/Arguments begin on page 9 of this paper.

Notification of Typographical Error

A typographical error in the spelling of an inventor's name has recently been discovered. In all of the papers submitted to the Office prior to this date, the name of one inventor, Maria Janusz (bold underlined emphasis added), has consistently been improperly typed as Marin Janusz (bold underlined emphasis added). The typographical error appears to have first occurred between the date when the Polish priority application (P.316416) was filed and the date when the International application (WO 98/14473) was filed. Attached hereto please find a copy of a page from the Polish Official Patents Journal that shows the inventor's name correctly spelled as "Maria Janusz" for the Polish priority application (P.316416), and a copy of the first page of the International application (WO 98/14473) that shows the first known instance of the typographical error in the spelling of the inventor's name (Marin Janusz).

M.P.E.P. 605.04(b) provides in pertinent part that:

"When a typographical or transliteration error in the spelling of an inventor's name is discovered during pendency of an application, a petition is not required, nor is a new oath or declaration under 37 C.F.R. 1.63 needed. The U.S. Patent and Trademark Office should simply be notified of the error and reference to the notification paper will be made on the previously filed oath or declaration by the Office."

It should be noted that the inventor who's name was mistyped, Maria Janusz, properly signed the Declaration filed in this application as "Maria Janusz" notwithstanding the typographical error. A copy of the Declaration bearing her signature is attached. In view of the foregoing, applicants respectfully request that the Office correct the spelling of the inventor's name to Maria Janusz.
